Foreword

It has been stated that music is a beautiful picture painted upon a background of silence. It is a means of expressing oneself; to us it denotes pleasure. We take great pride this year in our new band uniforms and in our new "Alma Mater" song. Our Tonettes and Glee Club are a source of pleasure and pride. With these harmonious thoughts, we present this 1956 THE JUNCTION. May you close it tenderly with a smile on your lips and a song in your heart.

ALMA MATER

by
ANN LOVERN DOVE

Hail our Alma Mater
To Thee we sing our praise!
Thy glory, laud, and honor
These ever shall we raise.
Thou our strength and courage
We thy children true.
Our faith beloved Alma Mater
We ever pledge to thee;
We give thee Alma Mater
Our love and loyalty.
To thee Dear Alma Mater
Our love and loyalty.

Mr. Howard

Your patience beside our toils,
Your courage behind our failures,
Your loyalty to our school,
Your faith in our destiny -

Mrs. Estelle I. Tyler!
To you, in love and honor,
We dedicate this annual.

FAITH

Above all, we must have faith in God. If we have faith, we can do all things through Christ. Faith, to be positive, must be put into action. The works that we do testify of us. Faith, without works, is naught. We must practice our faith to make it a living thing to serve God and man.

MR. HARRY R. ELMORE
Division Superintendent

Teacher Who

Just as the skill of the conductor contributes to the success of a symphony, so the strength of a public School System is dependent upon its administrators. Pittsylvania County is fortunate in having a superintendent and an assistant superintendent who have the welfare of the students and patrons at heart. Through their efforts and faith, our schools have become among the best in the state.

Mr. Charles E. Hagberg
Assistant District Superintendent

*Mr. Charles
E.
Hagberg.*

To be successful in school or life, one must learn to work harmoniously with others. This, in turn, develops friendship, unity, respect, co-operation and love. "None goes his way alone; all that we send into the lives of others, comes back into our own."

Mr. Kenneth S. Tyler
Principal

FACULTY

We are always grateful to our faculty for their guidance, loyalty and understanding. We would like to pause here to thank them for their patience at all times, especially when we were sour notes. We hope that in their memories they will sometimes remember us without discord.

The new uniforms have really made our Band look as well as it sounds. If you saw and heard them: leading the Homecoming Parade; again, leading the Christmas Parade; in the Musical Festival at Danville; at their concert for the P. T. A.; and at the Football games, we are sure you will join with us in saying, "We are proud of our Band!"

The introduction of our new Alma Mater, the Christmas Festival, the Christmas Concert, and Caroling by the Glee Club and Tonettes will be remembered with pride. The "live" Christmas tree with lights and music produced much enjoyment at the Concert.

This is our newest club at school. The Tri-Hi-Y was instrumental in having it organized. The clubs together sponsored a waist line dance at Christmas. Kitty Sue Berger and Billy McDaniel, as presidents, work together for the good of the clubs and the school.

Our club was well represented at the Model General Assembly in Richmond. The waist line dance was well attended and enjoyed. The visit to the County Home at Christmas added, we hope, to their enjoyment.

ON THE GRIDIRON...

We were proud of our team and our coach this year. Many of the team were newcomers to football. Our most interesting game was with Appomattox, District Champions, whom we tied. At the football banquet, Wilford Cocke received the team captain's trophy. Bobby Burnett was awarded a trophy as the most valuable player.

OPPORTUNITIES. . .

. . . in the industrial world today are unlimited. Automation, atomic energy, a rapidly increasing population--all point to a period of unprecedented growth in industrial life of the nation and particularly of the South.

Like many others, the textile industry is just scratching the surface of its own latter-day revolution. This revolution began less than a quarter century ago with the introduction of man-made fibers.

Burlington Industries, which pioneered in the production of fabrics from man-made fibers, has in the space of three decades grown to be the world's largest and foremost textile concern. Burlington has continued to pioneer in the development and application of new fibers and new fabrics, and through broad diversification now includes not only man-made, but also natural fibers and countless blends of the two in its manufacturing domain.

For young men and women thinking in terms of a career, the textile industry today offers opportunity "without bounds" in manufacturing, merchandising, research, development and design, and many other related fields.
